- Analyze drawings and verifies if steel will accommodate job
- View blueprints to identify where welding points are and welds according to size and drawing specs
- Ensures proper drain holes are placed for galvanizing purposes

### SKILLS, QUALIFICATIONS & EXPERIENCE

- Metal Fabrication and/or welding diploma from a recognized educational institution
- Equivalent in extensive experience and/or training of above knowledge accepted\*
- Skills in conversion of metric and imperial measurement
- Ability to read technical documents, blueprints and apply them to practical situations
- Safety training (Overhead Crane, First Aid, WHMIS, Hazard Identification and Control)\*

### JOIN OUR TEAM!

In addition to offering a dynamic and inclusive work environment, we offer a competitive compensation package, including benefits. If you feel you could be a great fit to join our team, kindly forward your cover letter and resume to [wbianchi@marid.ca](mailto:wbianchi@marid.ca) with the heading "Steel Fabricator" in the subject line of your email. This job posting closes on July 14th, 2023.

Individual accommodations are available upon request for candidates taking part in all aspects of the selection process.

### ABOUT MARID

Marid Industries is a privately owned custom manufacturing business based in Windsor Junction, just outside of Metro Halifax. Marid is a full-service contractor unlike many companies in the structural steel business. Marid is a fabricator as well as a construction company with ample engineering capabilities.

Flexibility is a key Marid quality. No matter what the finished product-a simple utilitarian warehouses, a modern school, or a complex finished public space - the required skill sets are available with the Marid Industries organization.

We are committed to supporting and challenging our employees to be the most capable, competent and well trained in the industry. [www.marid.ca](http://www.marid.ca)

*We thank all interested parties; however, only those applicants under consideration will be contacted*
